TEAM: Independent & Federal Programs

ITEM: Will the State Board of Education vote to approve the Ed-Flex Waiver -request for Addison Central Supervisory Union?

RECOMMENDED ACTION: That the State Board of Education vote to approve the Ed-Flex Waiver request for Addison Central Supervisory Union.

STATUTORY AUTHORITY:

Ed-Flex Authority via *The Education Flexibility Partnership Act of 1999* – Vermont's authority under this act is still valid.

BACKGROUND INFORMATION:

Title I of the *No Child Left Behind Act of 2001* requires LEAs to distribute Title I money among eligible Title I schools using a minimum of 125% per (poor) pupil if any school served has a student body with less than 35% poverty. Addison Central requests a waiver of this requirement so as to serve an additional eligible school. Allowing this will ensure that additional eligible ACSU schools receive, and their eligible students are served with, Title I dollars which have increased in this supervisory union this year as a result of one time ARRA funding.

COST IMPLICATIONS:

No cost implication for the Department;
None anticipated within the LEA

STAFF AVAILABLE: David Baroudi, 828-5156

**Vermont Department of Education
2009 Ed-Flex Waiver Request Form**

Date: 7/22/2009

LEA: Addison Central Supervisory Union

LEA Contact: Vicki Wells

Type of Waiver Requested: Other, Waive the 125% per pupil requirement for LEAs that serve schools w/ less than 35% poverty.

1. Describe why the waiver is needed: ACSU is requesting a waiver of the 125% per pupil allocation. We have grandfathered in two schools that were eligible last year but not this year and we would like them to be able to take advantage of some of the ARRA funds. The waiver is being requested as many supports and services for all eligible schools (i.e. teacher leaders, professional development, materials and supports for SU wide programs, early education, etc.) are funded through the LEA and adding more funds specifically to schools would detract from the ability of the LEA to provide agreed upon professional development and other supports and services.
2. Describe the specific, measurable educational goals or objectives the applicant expects to achieve as a result of this waiver: ACSU administrators have, for several years, come together to develop a four year professional development plan in the line with our Action Plans, Performance Targets, and Power Standards. LEA funds are used to provide the professional development and other supports and services necessary to maintain consistency of practice, knowledge, and curriculum across our schools. ACSU has implemented SU wide programs such as Foundations, Bridges and Connected Math. Funds at the LEA level help not only support their implementation, but provide training across all schools to ensure fidelity of implementation and consistency of practice. Our ability to continue to provide this level of service will ensure continued progress towards a more effective system for all students.
3. Describe how the public notice requirement was met, including how interested parties (e.g., teachers, parents, community members) were made aware of and were involved in developing the waiver request: The waiver request was developed as a result of the DOE's review of the ACSU Consolidated Federal Programs application. The waiver and the option for increasing per pupil allocations to 125% were discussed in-depth with the Superintendent and Associate Superintendent with a recommendation to apply for the waiver. The Superintendent sent a memo to all ACSU administrators describing options and has received feedback from many.
4. Describe how progress in implementing the waiver will be measured: ACSU administrators will continue to meet monthly to discuss consistency of implementation of curriculum and best practice as well as the professional development offerings. Administrators will continue to analyze outcome data to help determine the effectiveness of what has offered and make decisions about next steps.

ITEM: Will the State Board of Education vote to approve the Ed-Flex Waiver -request for Franklin West Supervisory Union for BFA Elementary/Middle School?

RECOMMENDED ACTION: That the State Board of Education vote to approve the Ed-Flex Waiver request for Franklin West Supervisory Union for BFA Elementary/Middle School.

STATUTORY AUTHORITY:

Ed-Flex Authority via *The Education Flexibility Partnership Act of 1999* – Vermont's authority under this act is still valid.

BACKGROUND INFORMATION:

Franklin West Supervisory Union has requested a waiver to the 40% poverty requirement to establish a Title I schoolwide project for BFA Elementary/Middle School.

Under the Federal Title I law, schoolwide projects allow for more program flexibility at the local level. This program option is typically available for only the poorest schools (40% or more of the students in poverty).

Title I program staff reviewed the request and found that a waiver is necessary since the percentage of students currently eligible for Medicaid is 35% at BFA Elementary/ Middle School. Department staff found the request reasonable and likely to benefit the Title I students in the BFA Elementary/Middle School.

BFA Elementary/Middle School has submitted an approved Title I schoolwide plan.

COST IMPLICATIONS:

No cost implication for the Department;
None anticipated within the LEA

1. Describe why the waiver is needed:

RTS current level of poverty for the FY 09 using Medicaid numbers is over 35%. We would like to be able to use SWP funding for the FY10.

2. Describe the specific, measurable educational goals or objectives the applicant expects to achieve as a result of this waiver:

Increase the number of students meeting the standard in reading and math as measured by NECAP and local assessment data.
Increase the number of students successfully completing service learning which currently is 0%.
Increase the number of students meeting the tech standards whose levels are currently unknown and non-assessed.

3. Describe how the public notice requirement was met, including how interested parties (e.g., teachers, parents, community members) were made aware of and were involved in developing the waiver request:

This would be the first time that RTS would receive Title I funds so there is no change in practice. Notice regarding TI planning has occurred in school board meetings, faculty meetings, and action planning meetings.

4. Describe how progress in implementing the waiver will be measured:

There will be an increase in the number of students who nearly achieved the standard to achieved the standard as measured on the NECAP and local assessments.
There will be a sampling of students in grades 5-8 to collect data on meeting the tech standards measured at beginning and end of the year.
There will be a 25% increase in the number of students successfully completing service learning which is currently 0%.

Please see goal sheets that have been sent in a separate email to David Baroudi.
 - Describe how the public notice requirement was met, including how interested parties (e.g., teachers, parents, community members) were made aware of and were involved in developing the waiver request:
The entire faculty of Chamberlin School began meeting in the winter of 2008 to review our previous action plans and develop our Title I schoolwide action plan. Vertical teams developed essential questions for closing our achievement gaps. We then analyzed our achievement data to pinpoint the needs of students not meeting standards in literacy and mathematics, delineated schoolwide reform strategies to meet those needs, and identified professional development that would be necessary. This information was reviewed at a PTO meeting, with parent input solicited. This plan is based on these actions.

ITEM: Will the State Board of Education vote to approve the Ed-Flex Waiver -request for South Burlington School District for F.H. Tuttle Middle School?

RECOMMENDED ACTION: That the State Board of Education vote to approve the Ed-Flex Waiver request for South Burlington School District for F.H. Tuttle Middle School.

STATUTORY AUTHORITY:

Ed-Flex Authority via *The Education Flexibility Partnership Act of 1999* – Vermont’s authority under this act is still valid.

BACKGROUND INFORMATION:

South Burlington School District has requested a waiver to the 40% poverty requirement to establish a Title I schoolwide project for F.H. Tuttle Middle School.

Under the Federal Title I law, schoolwide projects allow for more program flexibility at the local level. This program option is typically available for only the poorest schools (40% or more of the students in poverty).

Title I program staff reviewed the request and found that a waiver is necessary since the percentage of students currently eligible for Medicaid approaches 30% at F.H. Tuttle Middle School, using the “Feeder” method of calculation. Department staff found the request reasonable and likely to benefit the Title I students in the F.H. Tuttle Middle School.

F.H. Tuttle Middle School has submitted an approved Title I schoolwide plan.

COST IMPLICATIONS:

No cost implication for the Department;
None anticipated within the LEA

Brief Explanation of Ed Flex Authority

Ed Flex Authority under *The Education Flexibility Partnership Act of 1999*

Ed-Flex is a program that allows the Secretary of Education to delegate to states with strong accountability safeguards the authority to waive certain federal education requirements that may, in particular instances, impede local efforts to reform and improve education. It is designed to help districts and schools carry out educational reforms and raise the achievement levels of all children by providing increased flexibility in the implementation of federal education programs in exchange for enhanced accountability for the performance of students.

Ed-Flex is not a funding program. Rather, it is a program that delegates to states the authority to grant waivers of certain federal requirements.

Vermont is one of a handful of Ed-Flex states.
